

# Savvas Momentum Vendor FAQ

**Vendor Name:** Savvas Learning Company LLC

**Product Name:** Momentum Math Screener and Diagnostic

Question	Answers
<b>What grades are covered?</b>	K-8 <sup>th</sup> Math
<b>Is there a pre/post-test?</b>	Yes, for TIA districts could use Pre/Post-test option 2
<b>What is Momentum?</b>	<p>The Momentum Assessment Suite provides K-8 Screener and Diagnostic assessments that give educators the tools to measure student performance, with insights and instructional resources to help them make informed decisions for whole class, small group, and individual learning. Diagnostic assessments for Grades K-8 Math are equipped with multistage adaptive technology and provide data-driven insights with standards-based instructional content recommendations to help teachers tailor instruction and address students' individual learning needs.</p>
<b>What was Momentum designed to do?</b>	<p>Momentum was designed to allow teachers to quickly identify student needs and spend more time teaching, giving students more time to learn.</p> <ul style="list-style-type: none"> <li>• Streamlined, Adaptive Diagnostics</li> <li>• Single Sign-on</li> <li>• Robust Norm-Referenced Reporting</li> <li>• Individual, Classroom, and District Data</li> <li>• Data Insights and Resources</li> </ul> <p>Delivered on the Realize platform, the Screener and Diagnostic for Math are digital tools to help educators understand students' mathematical knowledge in Grades K-8. The result is personalized instructional recommendations tailored to each student. The Screener and Diagnostic are available in Spanish. Additionally, Growth Diagnostics are designed to provide information about what students have learned between the beginning, middle, and end of a school year.</p>
<b>How can I use Momentum?</b>	As an assessment and progress monitoring by providing personalized recommendations pinpointing students' strengths and learning needs to promote positive educational outcomes.

<p><b>Does Momentum provide expected growth targets for students?</b></p>	<p>No</p> <p>For K-8 Math, Growth is reported as changes over time in Diagnostic scale scores and performance levels. The target for all students is to achieve a “Meets” expectations performance level and corresponding scale score.</p>
<p><b>How can districts use Momentum to determine end-of-year student growth for purposes of TIA?</b></p>	<p>Student growth can be calculated as the difference in scale scores over time, from the beginning to the end of the year using Pre and Post-tests.</p>
<p><b>What types of data reporting capabilities are included with Momentum?</b></p>	<p><b>Reports Include:</b></p> <ul style="list-style-type: none"> <li>• Class Summary</li> <li>• Student Reports.</li> <li>• Overall Score Summary</li> <li>• Domain Summary</li> </ul>
